## Campus Read 2022-2023

### The Good Food Revolution by Will Allen & Charles Wilson

A pioneering urban farmer and MacArthur "Genius Award" winner points the way to building a new food system that can feed—and heal—broken communities.

The Good Food Revolution has been selected as our campus read for the 2022-2023. There will be events connected to the book throughout the school year, and copies are available to check out from the library now!

Save the Date: Will Allen will be on Campus  
Tuesday, October 25!

Bill Morrison

September 1st – 30th

William Morrison's blacksmithing experience includes working summers on Mackinac Island, both demonstrating in the Island Blacksmith Shop making period pieces, and participating in specific projects such as the Fort's weathervane, gates and railings, and consulting work in the restoration of locks from the 1700's. William currently owns and operates Spruce Forge in Sault Ste. Marie, Michigan, where he designs custom ironwork, everything from kitchen utensils to gates.
